

Hebron

15-20-50 +TE

High-Potassium Compound Fertilizer

Chemical Composition (w/v):

Nitrogen (N):	15%	Water soluble
Phosphorus (P ₂ O ₅):	20%	Water soluble
Potassium (K ₂ O):	50%	Water soluble

Hebron High-Potassium Formula (+K):

- A potassium-rich formulation, enhanced with phosphorus to support flowering and fruit set, in addition to containing an adequate percentage of nitrogen.
- Improves the translocation of nutrients and sugars within the plant.
- Contributes to reducing flower drop and improving fruit set percentage.
- Enhances root development and overall plant metabolic activity.
- Improves fruit quality in terms of taste, color, and firmness.
- Suitable for fruit trees, especially during pre-harvest and post-fruit-set stages.
- Enriched with trace elements (TE) to prevent nutrient deficiencies and improve nutrient use efficiency.

Suitable for use in all irrigation systems and for foliar application.

Packaging:

1 kg – 5 kg – 10 kg – 20 kg
