88% Potassium Citrat + 5%Amino Acid
+ 52% OM + TE

Chemical Composition (w/v):

- **Potassium Citrate: %88**
- **Amino Acids: %5**
- **Organic Matter: %52**
- **Trace Elements**

Benefits:

- **Considered an excellent source of potassium, contributing to improved crop quality and increased yield.**
- **Enhances plant resistance to environmental stresses such as drought, heat, and salinity.**
- **Contains amino acids that help stimulate growth and improve nutrient uptake efficiency.**
- **Organic matter contributes to improving soil vitality and increasing root efficiency.**
- **Trace elements help prevent nutrient deficiency symptoms and improve overall plant performance.**
- **Suitable for use at different growth stages and for most agricultural crops.**

Packaging:

250 ml, 500 ml, 1 Liter, 5 Liter, 10 Liter, 20 Liter
